GIANT FLOWERING TULIPS

No spring garden is complete without its plantings of gorgeous colorful tulips. They are easy to grow and require little care.

This season we are offering the finest selection of varieties that Holland produces. They are all top size bulbs to insure the best blooms next spring.

We have included Breeders, Darwins and Cottage types in color classifications for your convenience. Each type is indicated by an initial after the variety name.

Order early while our stock is complete.

White Shades

Albino (C). A charming creamy white tulip, ivory stamen; large well-formed bloom on strong thick stem. The finest white tulip under glass. Doz. \$1.10; 100, \$7.75.

Zwanenburg (D). Creamy white Darwin tulip with black anthers. A large substantial flower, tall and of great beauty. Doz. \$1.15; 100, \$8.25.

Picotee (C). Long, clear white petals; beautifully margined and penciled on the edges with carmine rose which broadens with age until the whole flower is suffused with a deep rose shade. Reflexing form and grand for the border. Doz. 75c; 100, \$5.75.

Yellow, Orange and Bronze Shades

Yellow Giant (D). Golden yellow of rich, pure quality; large cup-shaped bloom with black anthers. Carried on a long strong stem, it is splendid for exhibition. Doz. \$1.15; 100, \$8.25.

Alice Keith (B). Deep ruddy orange with broad margin of golden bronze; inside brilliant dark orange shading to gold at top of petals. A flower of good size and the best in this color. Forces easily. Doz. \$1.10; 100, \$7.75.

Bronze Queen (B). A subtle blending of tan and light bronze with the inside tinged bronze-yellow with yellow base. Filaments olive above, yellow below; large well-formed flower, very distinct. Doz. 80c; 100, \$6.00.

Cherbourg (B). One of the finest of Breeder tulips. Golden bronze on chamois faintly flushed terra cotta, the deeper tone of yellow growing stronger toward the edges of the petals. Beautiful rounded form held on a capable and graceful stem. Doz. \$1.50; 100, \$10.50.

Millenburg (B). Lovely orange red with bronze yellow edge, inside glistering orange, black anthers and striking mid-rib on petals. Blooms of elegant loose shape and distinct color. One of the new Breeders. Doz. \$1.25; 100, \$9.00.

Lucifer (B). Dark orange with rosy bloom, interior scarlet-orange with yellow base ringed with pale olive filaments. A precious source of scent and color. One of the last tulips to come in bloom and exquisite for border as well as cut ing. Doz. \$1.25; 100, \$9.00.

Prince of Orange (B). Very showy, well-formed flower of great substance. Terra cotta, edged orange-yellow, yellow base starred black. Good-sized flower for borders. Doz. 85c; 100, \$6.50.

Alaska (C). Clear golden yellow, large elongated flower. The petals reflex slightly and the charm of the slender bloom is unusual. Doz. 95c; 100, \$7.00.

Avis Kennicott (C). Very large rich yellow flower with striking black base and anthers. A long petaled type of good shape; effective and a nice tulip for the garden. Doz. 80c; 100, \$6.00.

Dido (C). A perfect flower, excellent in color and form; outside orange red with carmine shade and orange shaded edges; inside bright salmon orange, yellow base and green halo. A lovely ensemble and warmly fragrant. Doz. 80c; 100, \$6.00.

Inglescombe Yellow (C). Glossy canary yellow, light stamen, with tiny edge of crimson. Often called the "Yellow Darwin". Large globular flowers carried on a sturdy stem. Doz. 75c; 100, \$5.50.

Jeanne Desor (C). Color is very striking, being of a deep orange-yellow with a suffusion of scarlet toward the edges of the petals; large cup-shaped flower, well-formed of splendid substance. A late bloomer; fine among shrubbery. Doz. \$1.20; 100, \$8.75.

Mrs. Moon (C). Rich golden yellow of brilliant tone; tall, vase-shaped flower on sturdy stems; slightly reflexing petals. A splendid standard yellow for outdoor planting. Doz. 80c; 100, \$6.00.

Orange King (C). Sweet scented flower of great size and brilliant coloring; glistening deep orange, shaded rose, inside deep orange-scarlet with yellow base. Doz. 80c; 100, \$6.00.

Pink and Salmon Shades

Clara Butt (D). Lovely clear pink, flushed salmon-rose; inside deeper tint with blue base and white halo. Fine for outdoor planting. Doz. 75c; 100, \$5.50.

Ambrosia (C). A rich flower of pale terra cotta and amber and a rosy glow throughout; of great size and slender form, held on a very long stem. Very fragrant and superb for cutting or garden use. Doz. 95c; 100, \$7.00.

Inglescombe Pink (C). A favorite variety because of its beautiful soft pink flushed with salmon; inside the same with slate-blue base. Exquisite when used as a cut flower with light green foliage. Doz. 75c; 100, \$5.75.

Rose and Cerise Shades

Afterglow (D). A flower of brilliant tone—rosy carmine edged buff-yellow; inside rosy orange with broad buff-yellow margin and faint blue base. Doz. 80c; 100, \$6.25.

Aviator Hawkes (D). Large, beautifully formed bloom of deep carmine-rose with broad edge of rose-pink. Carried on a tall strong stem it is an attractive exhibition variety. Doz. \$1.00; 100, \$7.50.

Madam Krelage (D). Soft lilac with broad margin of blush pink; a large flower carried on a strong stem. Doz. 75c; 100, \$5.50.

Rose and Cerise Shades

(Continued)

Pride of Haarlem (D). An old but very fine tulip, of brilliant rosy carmine with blue base. Very large flower of superb form borne on a tall strong stem. Doz. 75c; 100, \$5.50.

Princess Mary (D). A full warm rose-pink, deeper within and with fawn-colored lights and a fine pale rib down each petal; blue base. Slender and stately, of exquisite grace. Doz. \$2.00; 100, \$13.25.

Venus (D). One of the finest pure pinks in existence. Pure rose-pink of silvery character and clear tone; white base marked with pale blue ring. Good form and substance and of lasting quality. Doz. 95c; 100, \$7.25.

Cardinal Manning (B). Very large, egg-shaped flower; bishop's purple flushed rosy bronze, changing to an almost pure orange at the extreme edges of the petals; the base is tinged yellow; filaments blue at apex. Doz. 95c; 100, \$7.00.

Rosabella (C). Unusual for its soft charm; luminous rose with broad pink edge, inside beautiful shell pink on creamy white base, black anthers. Before opening, the flower resembles a rosebud. A most desirable tulip for cutting, with a fine fragrance. Doz. \$1.00; 100, \$7.50.

Sirene (C). One of the lily-shaped varieties. Beautiful satiny rose with lighter edges. Doz. 80c; 100, \$6.00.

Crimson to Scarlet Shades

City of Haarlem (D). A dependable, handsome Darwin of vermilion scarlet with large blue base and white halo. Produces a gay and striking effect in the garden or border. Doz. \$1.10; 100, \$8.00.

Eclipse (D). Glowing, dark blood-red flower with a lustrous surface and violet, white-margined center. Large flower of rather open form and so substantial that it lasts well through the tulip season. Doz. \$2.00; 100, \$12.50.

Farncombe Sanders (D). Scarlet; inside vivid cerise-scarlet with white base. Large flower of perfect shape; famous as a bedding variety and also very fine for forcing. Doz. 75c; 100, \$5.75.

Gloria Swanson (D). A flower of great lasting quality with very strong stem. An enormous flower of crimson-red with bluish base. Excellent for exhibition purposes. Doz. \$1.50; 100, \$10.50.

King George V (D). A brilliant cherry red tulip of great size and noble carriage; gracefully modeled cup. Color holds well in the sunshine. Doz. \$1.25; 100, \$9.00.

King Harold (D). Deep ox-blood-red with purple-black base; large flower of fine form on a sturdy stem. A superb variety for the border. Doz. 75c; 100, \$5.50.

President Taft (D). A pleasing flower of deep crimson-red on a very sturdy stem. An outstanding Darwin tulip and cannot be surpassed for use in solid beds. Doz. \$1.15; 100, \$8.25.

Prince of Wales (D). A shining cherry-red Darwin with scarlet flush and bright blue base; large flower of dazzling color and shapely form. Excellent for display. Doz. 90c; 100, \$6.75.

Professor Rauwenhof (D). An enormous flower, cherry red, shaded salmon; brilliant blue base. Fine shape and substance. Doz. 75c; 100, \$5.50.

Victoire d'Oliviera (D). A dark red forcer; exceptionally fine for the garden. Doz. 80c; 100, \$6.00.

Dom Pedro (B). Coffee-brown and maroon, shaded with old gold. The outstanding Breeder Tulip in this color. Long lasting and robust in habit. Doz. 95c; 100, \$7.25.

Indian Chief (B). Very artistic, of glorious coloring; deep Indian red with darker tone at edges; inside same with large yellow base. A superb variety, open form, carried on a long, stiff stem. Doz. \$1.65; 100, \$11.00.

Vulcan (B). A sweet scented tulip of strawberry red, margin of buff yellow; inside is shaded a dark apricot, with dark green base starred yellow. Doz. 80c; 100, \$6.00.

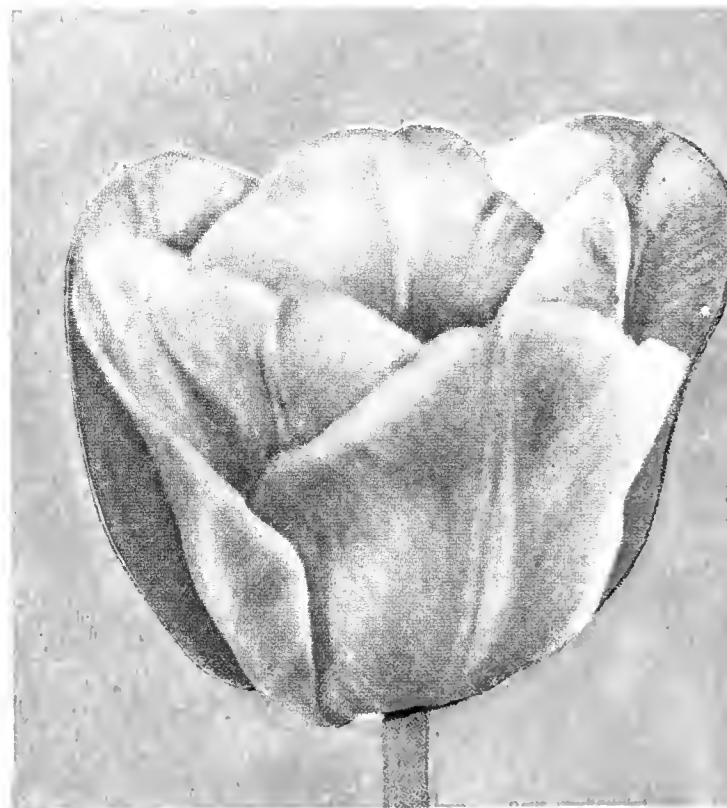

Advance (C). One of the earliest of May-flowering tulips. Brilliant scarlet, shaded crimson with purple bloom on outside of petals; inside scarlet with bright blue base. Doz. \$2.25; 100, \$17.00.

Grenadier (C). Dazzling brilliant orange, yellow base. Especially recommended for planting in borders in clumps for "high spots" in the color scheme. Doz. 80c; 100, \$6.00.

Scarlet Emperor (C). A long, large flower of brilliant glowing dark scarlet; center clear yellow with black anthers. Doz. \$1.50; 100, \$10.50.

Lavender and Purple Shades

Bleu Amable (D). Dark lavender shaded paler at edges; inside same with blue and white base. Flower of good size and most attractive shape. Doz. 80c; 100, \$6.00.

Dream (D). A lovely Darwin of pale heliotrope, inside deep violet with blue base. Large flower of good habit. Doz. 80c; 100, \$6.00.

Duchess of Hohenburg (D). Magnificent flower, borne on a stiff stem. Slaty lilac, with flush of rosy mauve through petals; inside light lilac with white base. Doz. \$1.65; 100, \$11.00.

Jubilee (D). Of deepest violet with slightly paler margin; inside same with base marked blue. A tulip of splendid carriage and strong texture. Doz. \$1.10; 100, \$7.75.

Melicette (D). Unusually beautiful form; light lavender, shading lighter at edges; inside darker with blue base. Flower of good size, with reflexing outer petals. Doz. \$1.00; 100, \$7.50.

Princess Elizabeth (D). A large flower of perfect form, quite like a rose when first open. Clear deep pink, changing with age to rose-pink; white base. A good Darwin for forcing or outdoors. Doz. 80c; 100, \$5.75.

Louis XIV (B). A royal tulip of rich blue-purple with broad margin of golden brown when fully open; inside same with green-black base starred yellow. Very large on long stiff stem. Doz. \$1.10; 100, \$8.00.

Violet Shades

Faust (D). Dark maroon-purple, tinged black; dark blue base. A flower of oval form and fine spreading petals. A magnificent thing for cutting or for a rich effect in the border. Doz. 90c; 100, \$6.50.

Giant (D). Immense rounded flowers of heavy texture; deep reddish purple, shaded dark violet with white base. Handsome flower of sturdy habit and splendid for background. Doz. \$1.10; 100, \$8.00.

La Tulipe Noire (D). The darkest of the tulips. Rich velvety maroon-black with purple-black base faintly starred white. Doz. \$1.00; 100, \$7.50.

The Bishop (D). A tall variety with medium sized cup of deep blue-purple with ashy bloom and violet margin; blue base. Rich color and beautiful form. Doz. \$1.25; 100, \$9.00.

Valentin (D). Soft, deep violet with light violet edge; blue base. A tall nobly carried tulip, beautifully formed. One of the earliest Darwins to flower and lasting well. Doz. 90c; 100, \$6.25.

William Copeland (D). Flowers of soft bluish-rose with silvery margin. A variety well suited for growing in pots and for early forcing. Doz. 75c; 100, \$5.50.

Bacchus (B). Long flower of rich color and distinct shape. Deep purple with ashy bloom on outer petals; inside deep purple with white star at base. The bluest of all tulips. Doz. \$1.00; 100, \$7.50.

Mariposa Tulips

Native California bulbs, producing graceful tulip-shaped flowers in a wide range of beautiful colors. Doz. 60c; 100, \$4.00.

MRS. MOON

SINGLE EARLY TULIPS

Pink Beauty. Bright cherry-rose, center of petals striped white. Very large flower of round form; a splendid variety for borders. Doz. 90c; 100, \$6.25.

Couleur Cardinal. A warm red tulip with a plum-colored bloom on the outer petals. Handsome, globular form and a strong stem that makes it particularly fine for bedding. Doz. 75c; 100, \$5.50.

De Wet. Quite different in color, being of a glorious orange, with unusual golden salmon effect produced by scarlet veining on a deep orange ground. Has a fine fragrance. Doz. 90c; 100, \$6.25.

Keizerskroon. Bright crimson-scarlet, edged clear, rich yellow; excellent large flower on long stem. Splendid for forcing and a fine bedder. Doz. 95c; 100, \$6.50.

PARROT TULIPS

Fantasy. Magnificent pink tulip; a sport of Darwin Clara Butt, with the same habits in every way as to color, height, strength of stem and time of flowering. The flowers are of quaint and beautiful form, the petals being laciniated, having curious excrescences on the outside. Doz. \$1.25; 100, \$9.00.

Sundew. Brilliant rose-red with frilled or ruffled edges. A new development in tulip flowers and very beautiful. Doz. 75c; 100, \$5.50.

Constantinople. Bright scarlet, shaded orange; very brilliant. A large flower. Doz. 75c; 100, \$5.50.

HARDY LILIES

Hardy Lilies have a magnificent exotic splendor about them which garden lovers cannot resist. They can be successfully grown under a wide variation of climatic and soil conditions, and are as easy to grow as other garden flowers.

Culture—Plant from 4 to 6 inches deep and 12 inches apart in light, well-drained loam soil for best results.

Auratum (Gold-banded Lily of Japan).

An outstandingly beautiful Lily. The satiny white flowers are deliciously fragrant and dotted crimson with a clear golden yellow band running through the center of each petal. 20c each, \$2.00 per doz.; larger bulbs, 25c each, \$2.50 per doz.

Auratum platyphyllum. Similar to Auratum, but larger and finer in all respects. 35c each, \$3.50 per doz.

Candidum (Hardy St. Joseph or Annunciation Lily). One of the best loved lilies, bell-shaped, pure white, daintily fragrant. 25c each, \$2.50 per doz; larger bulbs, 35c each, \$3.50 per doz.

Henryii. Blossoms of a soft golden yellow with a tinge of light green through the center. Excellent for bouquets. 15c each, \$1.50 per doz.; larger bulbs, 20c each, \$2.00 per doz.

Lilium umbellatum. With a color-range from deepest red through all shades of crimson, rose, yellow, buff, and apricot. Mixed, large bulbs, 20c each, \$2.00 per doz.

Longiflorum giganteum. Flowers of largest size and purest white. The plants are of stocky growth, with dark stems, and are unusually free from disease. 20c each, \$2.00 per doz.; extra large, 30c each, \$3.00 per doz.

Pardalinum (Native Tiger or Leopard Lily in California mountains). Double-crown bulbs, 25c each, \$2.50 per doz.

Philippinense Formosanum. Long trumpet-shaped blossoms of pure white, with a slight pink tinge to the ribs externally. It is slender, dainty, graceful and fragrant. 20c each, \$2.00 per doz.

Regale. Bulbs, 15c each, \$1.50 per doz; larger bulbs, 25c each, \$2.50 per doz.; extra-large bulbs, 35c each, \$3.50 per doz.

Speciosum rubrum magnificum (Improved Rubrum). The striking pink petals, shading to white at the tips, are thickly dotted with rich rose or crimson spots. 25c each, \$2.50 per doz.

Sunset (Pardalinum Giganteum). Magnificent red lily of a clear scarlet; has luxuriant foliage, is extremely hardy and easy to grow. 50c each, \$5.00 per doz.

Tenuifolium. "Gayest of little lilies." Bright cheery red blossoms, adding much to the garden. 15c each, \$1.50 per doz.

Tigrinum flore-pleno (Double Tiger Lily). This magnificent lily is of stately habit and bears immense clusters of very large, double flowers on tall, strong stems. Color bright orange-red, spotted with black. 20c each, \$2.00 per doz.

GOLDEN PERUVIAN LILY

Astroemeria versicolor. A beautiful golden yellow Peruvian Lily spotted purple. Wonderful for cut-flowers. 15c each, \$1.50 per doz.

LILY-OF-THE-VALLEY

December Delivery

A traditional favorite whose charm has been sung in prose and poem. The snowy white, delicately scented, bell-shaped blossoms are highly ornamental and always in great demand. A partially shaded location, protected from the wind, is advised for best results. Nice, strong pips, 75c per doz., \$5.00 per 100, postpaid.

SUNSET LILY

L. FORMOSANUM

CALLA LILIES

Favorites, both for their beauty and the ease with which they are brought into bloom.

White. Large white flowers. An old favorite. 15c each, \$1.50 per doz., postpaid.

Yellow. Flowers bright yellow. Dark green foliage. 25c each, \$2.50 per doz.; larger bulbs, 35c each, \$3.50 per doz.

BLUE AFRICAN LILY

Agapanthus umbellatus. Splendid ornamental plant bearing clusters of bright blue flowers on 3-foot flower-stalks and continuing a long time in bloom. 35c each, \$3.50 per doz.

Pink. Flowers rose pink, 1½ to 2 inches across. 75c each, \$2.00 for 3, \$7.50 per doz.

L. PARDALINUM

OLYMPIA

KING ALFRED

CASSANDRA

Daffodils

This season we offer you a completely revised list of Daffodils for your garden. You will find the finest new and standard varieties on the market.

Order early while the stock is complete.

GLORY OF SASSENHEIM

LARGE TRUMPET VARIETIES

Aerolite. A beautifully proportioned flower; perianth deep primrose, with a medium yellow trumpet which is left in bold relief by the broad pointed star formed by the opening outer petals, an inch and a half wide. One of the longest lasting of all daffodils. Doz. \$1.50; 100, \$10.50.

Emperor. Deep primrose perianth; rich full yellow trumpet. A forcing and bedding flower of proven merit; of good size and an old favorite for garden purposes. Doz. 75c; 100, \$5.50.

Empress. Milk-white perianth with somewhat pointed petals; chrome-yellow trumpet, of good proportions. An old variety still deservedly popular. Doz. 75c; 100, \$5.50.

Glory of Sassenheim. An enlarged Victoria; pure white perianth and rich golden yellow trumpet, nicely frilled. An exceptionally fine show variety. Doz. \$1.00; 100, \$7.50.

Golden Spur. Golden yellow uniform trumpets; produces early and is a strong vigorous grower. A most popular daffodil for forcing or for the garden. Doz. 75c; 100, \$5.50.

King Alfred. A king among yellow trumpet daffodils and the most popular variety for forcing and the garden. Rich golden yellow throughout; deeply frilled. Perianth often measures 4 in. across, trumpet fully 2 in. Strong grower. Doz. \$1.00; 100, \$7.50.

Mrs. E. H. Krelage. The best white trumpet of moderate price. Pure white perianth, balanced petalage; trumpet opening creamy yellow, passing to white later on, rather straight and beautifully rolled back at brim. A long-stemmed excellent grower; easy to force. Doz. \$2.50; 100, \$17.40.

Olympia. Huge trumpet of deep primrose; twisted perianth of slightly paler shade. Much larger than Emperor; free flowering and hardy. A bit rough in form but large and striking. Doz. \$1.40; 100, \$10.50.

Tresserve. One of the leaders among the new giant trumpets; deep canary-yellow, beautifully slashed at brim, with a pale perianth, the segments of which reach forward about the trumpet, producing a flower of distinct individuality. Very large and good for border planting. Doz. \$1.25; 100, \$9.00.

Van Waveren's Giant. An enormous flower of strong growth. Long trumpet of bright yellow with open mouth deeply flanged at brim; perianth pale yellow with outer petals exceptionally broad and inner ones usually slightly twisted, making the flower more graceful. Doz. \$1.75; 100, \$13.50.

MEDIUM TRUMPET VARIETIES

Conspicuous Barrii. Large spreading perianth of soft yellow; short yellow cup, margined orange-scarlet. An ever-popular variety; splendid for the border or naturalizing. Doz. 75c; 100, \$5.50.

Lucifer, Inc. Flaring sulphur-white perianth with long petals, star-like in effect; cup glowing orange red and nicely frilled at edge. A showy flower for outdoors since it holds its color well in the sun. Doz. 95c; 100, \$7.00.

Sir Watkin, Incomparabilis. Sulphur-yellow perianth of irregular form; deep well-formed cup. A giant among the medium trumpets. An early variety to bloom and ranks as a top-notch for persistence. Doz. \$1.00; 100, \$7.50.

Red Cross, Incomparabilis. Primrose-yellow perianth with large petals overlapping; impressive orange-red crown, densely frilled. An outstanding variety in the daffodil world; of great size, substantial and long lasting. Fine for both garden and exhibition. Doz. \$4.90; 100, \$30.00.

Croesus, Incomparabilis. Round imbricated primrose perianth, with outer petals nearly touching, the inner ones overlapping; expanded crown, large and stained deep orange-red. A flower of great substance, free-flowering, and a fine propagator. Doz. \$1.40; 100, \$10.00.

Whitewell, Incomparabilis. Creamy white, broad petalled starry perianth, opening flat or slightly reflexed; large deep yellow cup, flushed salmon; flower held well above foliage. A strong variety, lasting long in bloom. Doz. 95c; 100, \$7.00.

Diana Kasner, Barrii. Pure white perianth with rounded petals; large fluted yellow cup with blood-red frill. A very free-flowering variety and an excellent forcer. Doz. \$1.00; 100, \$7.50.

Firetail, Barrii. Broad petalled creamy white perianth; medium sized cup of brilliant scarlet-crimson. A remarkably beautiful variety, deservedly popular the world over. Doz. \$2.50; 100, \$17.00.

John Evelyn, Incomparabilis. An outstanding flower, 4 inches across; flatly opening cream colored perianth; large open cup tinted a beautiful apricot and fluted or shirred to the base. Free flowering and a good propagator. Doz. \$7.00; 100, \$40.00.

Lord Kitchener, Leedsii. Tremendous, broad, flat perianth of pure white crowned with a very large cup of delicate primrose with frilled open mouth. A first-class variety for border planting. Doz. \$1.00; 100, \$7.50.

CROESUS

Narcissus

All bulbs listed on these pages are grown in the Northwest and are the finest obtainable. They are large round bulbs and will give you lovely blooms next spring.

All prices are postpaid.

TWINK

DOUBLE VARIETIES

- Albus Plenus Odoratus.** A rare old variety, gardenia-flowered, pure snowy white, with sweet almond fragrance. Should be planted in the shade and kept well watered at flowering time. Blooms extremely late and is worth special care. Doz. 75c; 100, \$5.50.
- Orange Phoenix.** Creamy white with orange center petals; an old favorite among the double kinds. Doz. 75c; 100, \$5.50.
- The Pearl.** Soft creamy white, interspersed with sulphur yellow, deeper at the center. Dainty form and a charming flower; not too double. Doz. 75c; 100, \$5.50.
- Twink.** Petals of alternating soft primrose and clear orange; so arranged as to give the flower a most attractive appearance. One of the new double forms, popular for its striking color and early flowering habit. Adaptable for large scale decorative work; good forcer and hardy. Doz. \$2.50; 100, \$17.50.
- Von Sion.** Golden yellow flowers with a double trumpet and a single perianth; a large old-fashioned flower on a strong, erect stem. One of the best for early forcing and also fine for grouping in beds or borders. Doz. 75c; 100, \$5.50.

POETAZ

- Cheerfulness.** A double Elvira, white petals, centers tinted cream, fragrant; finely formed flowers like small gardenias, three to four on a stem. A pleasing variety for cutting and a good garden variety. Doz. \$1.50.
- Elvira.** Pure white perianth with bright yellow eye, three to four flowers on a stem. One of the most permanent of this class for the border; free-flowering, of remarkably good substance. Doz. 75c; 100, \$5.50.
- Laurens Koster.** Cream white perianth with soft lemon-yellow cup; flowers in nice clusters on long, strong stems. Probably one of the best of the older varieties for general garden planting. Doz. 85c; 100, \$6.35.

POETICUS

- Cassandra.** Wide spreading clear white perianth; outstanding eye of canary-yellow, with dark red rimmed crown. One of the new Poeticus varieties. Doz. 85c; 100, \$6.35.
- Poeticus Recurvus.** The famous Daffodil of song and verse known the world over, the old Pheasant's Eye. Perianth of pure white, reflexing slightly; cup margined deep scarlet; sweet scented. Splendid for cutting and naturalizing. Doz. 75c; 100, \$5.50.
- Poeticus Ornatus.** An improved form of Recurvus; pure white perianth with yellow eye rimmed crimson. An old variety, good for naturalizing and an early variety. Much used for bowls and pot work. Doz. 75c; 100, \$5.50.

JONQUILS

- Jonquilla Simplex.** The true original sweet Jonquil of light growth, bearing charming clusters of rich yellow flowers early in May. Extremely fragrant. Doz. \$1.40; 100, \$10.00.

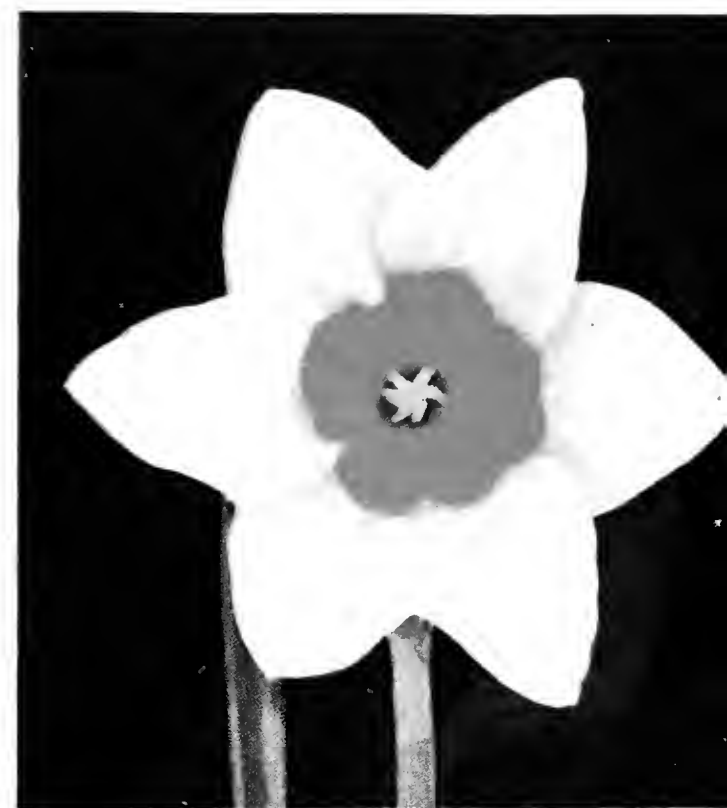

TRIANDRUS HYBRIDS

- Agnes Harvey.** A beautiful chalice-cupped hybrid; white starry perianth with Triandrus type trumpet of pure white, sometimes flushed soft apricot. A wonderful flower for naturalizing and also for cutting. Doz. \$2.50; 100, \$18.50.
- Queen of Spain.** A wild hybrid discovered in Spain and one of the most beautiful and distinct daffodils. Flowers vary slightly in size and sometimes in form of trumpet but all are of a soft delicate canary-yellow with a graceful reflexing perianth. A fine flower for bedding, pot culture or naturalizing. Doz. \$2.50; 100, \$18.50.

TRITONIA CROCATA (Flame Freesia)

TRITONIA CROCATA (Flame Freesia)

These beautiful flowers may be used to border a bulb garden, and are especially useful in adding color to the rock-garden. Splendid for use in naturalizing, as they do not deteriorate when left in the ground, but improve from year to year. Useful in bowls and small bouquets, and good keepers. Plant 2 inches deep, 3 inches apart.

Prince of Orange. Pure glowing orange color. 55 cts. per doz., \$4.00 per 100.

New Hybrids Mixed. Shades of blue, pink, orange, and red. 55 cts. per doz., \$4.00 per 100.

LEUCOCORYNE (Ixioides Ordorato)

"Glory of the Sun". Recent introduction from Chile; flowering in spring. Heads of large, fragrant flowers, blue with white center and golden stamens, carried gracefully on a wiry stem 12 to 18 inches tall. Requires same culture as freesias. Its long lasting qualities as a cut flower and its ease of culture make it an outstanding new plant. 35 cts. each; 65 cts. for 2; \$3.50 per doz.

ANEMONE DE CAEN

IXIAS

Special Mixture. Beautiful winter-flowering bulbs, bearing their blooms on long, slender, graceful spikes. Colors are rich, varied, and beautiful. Plant bulbs 1 inch deep, 4 to 6 inches apart. For best effects plant in beds or groups of 25 to 100 or more bulbs. This special mixture contains a great many varieties and colors. 40 cts. per doz., \$3.00 per 100.

Separate Colors. Orange, Red, Cerise, Yellow, Purple. 35 cts. per doz., \$2.50 per 100.

FRITILLARIA

Meleagris. Spring-flowering plants bearing large, pendent, bell-shaped flowers of various colors—yellow, white, black, purple, striped and splashed and checkered in most curious way. Pretty when grown in large groups in the border or in a wild, dry situation. 40 cts. per doz., \$3.00 per 100.

BABIANA

Plicata. Azure-blue and cream-colored flowers with pleasing fragrance. Excellent for pots, borders, and rock-gardens. 55 cts. per doz., \$4.00

OXALIS

Grand Duchess. Beautiful little half-trailing or bushy plants with neat, clover-like foliage. Adapted for growing in pots, hanging-baskets or borders. Pink, White, Yellow and Lavender. 35 cts. per doz., \$2.50 per 100.

BLEEDING-HEART

(Dielytra spectabilis)

An old favorite. Its long racemes of graceful heart-shaped pink flowers are always attractive. A beautiful plant for the border and elegant as a pot-plant for the house, and especially valuable for planting in the shade. Strong clumps. 60 cts. each, \$6.50 per doz.

ANEMONES

Chief among the virtues of this beautiful flower is the easy manner in which it may be cultivated. The blooms of the single varieties resemble poppies and offer a wonderful assortment of colors. They lend a particularly striking effect when massed. Plant the bulbs 1 to 1½ inches deep and 4 to 6 inches apart.

De Caen (Giant Single Poppy-flowered Anemone). A magnificent type, including a surprisingly large number of colors. 65 cts. per doz., \$4.50 per 100.

Chrysanthemiflora (Improved St. Brigid). A grand strain of Poppy Anemones having large portion of double flowers with petals finely divided. They range in color from the deepest crimson to the purest white, emphasizing such delicate shades as cobalt, scarlet, rose, salmon-pink, and heliotrope. 90 cts. per doz., \$6.25 per 100.

Blue Poppy-flowered. A strain running mostly to deep blue shades, with very large flowers. 75 cts. per doz., \$5.00 per 100.

His Excellency. Large, semi-double blooms of a brilliant poppy-scarlet color. 75 cts. per doz., \$5 per 100.

Mixture of Common Anemones. 45 cts. per doz., \$3.50 per 100.

RANUNCULUS

This most beautiful spring-blooming flower has won the favor and esteem of flower-lovers in a most amazing manner during the past few years, and for very definite reasons, aside from its glory of color and exquisite beauty. Few other flowers that bloom so prolifically are so easy to grow.

The attractive double and semi-double flowers come in bright colors of red, pink, rose, yellow, and white, as well as intermediate shades. Their long, graceful stems and delicate foliage with their attractive colors make them unexcelled for cut-flowers and they are equally attractive in the border or bed in the garden.

Lago Giant Ranunculus

One of the reasons for the increasing popularity of the Ranunculus is the gradual improvement of this flower. Particularly is this true in the Lago Giant Strains which produce a large percentage of double flowers as well as large individual blooms in most attractive shades.

Lago Giant Mixed. The result of years of expert selection. It is, we believe, the finest strain, producing a large percentage of giant double flowers as well as attractive semi-double flowers in a wide range of beautiful shades. 60 cts. per doz., \$4.00 per 100.

Lago Gold. (New) Giant peony-flowered variety having golden yellow blooms with greenish centers. 70 cts. per doz., \$5.00 per 100.

Lago Red Shades. Mixture of red, rose, orange, and intermediate shades. 70c per doz., \$5.00 per 100.

Common Mixed. Fine color-range containing single and semi-double flowers. 45 cts. per doz., \$3.00 per 100.

MUSCARI (Grape Hyacinth)

One of the prettiest of early spring flowering bulbs, growing about 6 inches high and throwing up numerous spikes of flowers which resemble a miniature inverted bunch of grapes. Thrive either in partially shaded or sunny locations. For best effect plant in masses.

For pot-culture, plant 6 bulbs in a 5-inch pot and treat same as hyacinths.

Azureum. Light blue. 45 cts. per doz., \$4.00 per 100.

Heavenly Blue. Larger than other varieties. 40 cts. per doz., \$3.50 per 100.

CROCUS

ORNITHOGALUM

Aureum. Rich apricot-orange color. Wonderful keeper as a cut-flower, and an excellent pot-plant. 30 cts. each, \$3.00 per doz.

Arabicum (Star of Bethlehem). Beautiful variety producing tall spikes of white, star-shaped flowers set off by a gleaming black center, which makes them a striking feature. 10 cts. each, 75 cts. per doz., postpaid.

Thyrsoides (The Chichester of South Africa). Beautiful satiny white flower with brown eye. 25 cts. each, \$2.50 per doz.

SPARAXIS

Mixed. Graceful spikes of beautiful flowers of the brightest shades, ranging from nearly white through rose, brick-red, carmine, crimson, and light purple. Some are curiously spotted; others streaked, splashed, and blotched. Culture same as lady gladiolus. The mixture includes Tricolor. 40 cts. per doz., \$2.75 per 100.

ORNITHOGALUM AUREUM

FREESIAS

Fischer's Purity. The finest and purest white sort yet introduced. 50 cts. per doz., \$2.00 per 100, \$17.50 per 1000. Extra-large bulbs. 40 cts. per doz., \$3.00 per 100, \$26.50 per 1000.

General Pershing. Large; lavender-pink. 50 cts. per doz., \$3.50 per 100.

Golden Daffodil. The largest of all colored Freesias and also two weeks earlier. Bright golden yellow. 50 cts. per doz., \$3.50 per 100.

Mary Louise Fischer. Very large, lavender-blue flowers, far superior to Fischer's Solandens. 50 cts. per doz., \$3.50 per 100.

Mendota. Flowers very bright yellow, on stems 12 to 18 inches tall. 50 cts. per doz., \$3.50 per 100.

Mrs. Marc Peters. Bright rose with orange throat. 50 cts. per doz., \$2.50 per 100.

Olivette. Bright canary red, with light yellow throat. 50 cts. per doz., \$3.50 per 100.

Sunset. Attractive flame orange. 50 cts. per doz., \$3.50 per 100.

Rainbow Mixture. All shades, including white. 45 cts. per doz., \$3.25 per 100.

Lagomarsino's Freesia Mixture. Comprises shades of pink, lavender, carmine, yellow, etc., but no white. Very beautiful. 50 cts. per doz., \$3.50 per 100.

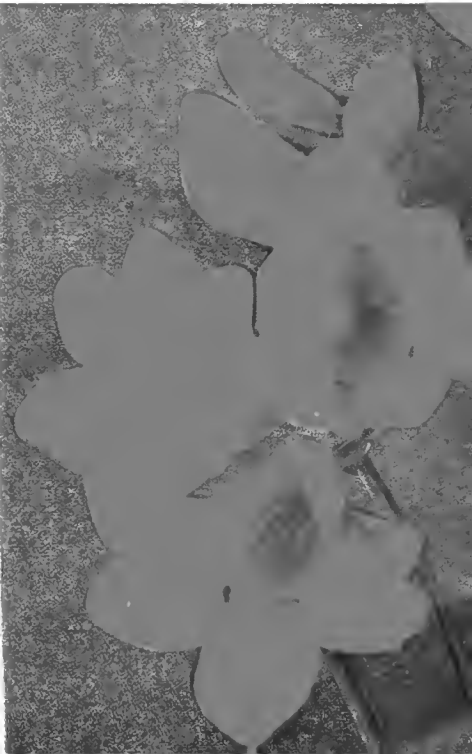

CROCUS

Crocus are among the first flowers to bloom in the spring, and make a beautiful show when planted in the lawn. The bulbs should be thrown promiscuously over the lawn in the fall, where they fall, merely lifting the sod with a knife or trowel, slipping the bulb and being careful not pressing the soil back into place.

Blue Purple Yellow Striped and Variegated White
Lagomarsino's Special Mixture
All Crocus, 40 cts. per doz., \$2.75 per 100

FREESIA

MUSCARI

PAPER WHITE NARCISSUS
CHINESE SACRED LILY

CHINESE SACRED LILY

Outdoor Culture—Plant bulbs 4 to 5 inches deep, 8 to 12 inches apart. See page 14 for general planting instructions.

A species of Polyanthus Narcissus introduced from China. The bulbs are large, measuring 8 to 10 inches in circumference, and throw up from five to ten flower-spikes, bearing clusters of large, perfect, waxy blossoms, with yellow centers and having a most delicious fragrance. They may be grown in pots, but are most successful when cultivated in water the same as in China. A dozen bulbs planted at intervals in bowls with enough gravel to hold them upright will give a profusion of bloom during the winter months. Large bulbs, 10 cts. each, \$1.00 per doz., \$7.50 per 100.

JONQUILS

This popular flower has won its "place in the sun" with its lovely grace, rich color, and sweet scent. The blossoms are in clusters and resemble daffodils, although the flowers are smaller.

Culture—Plant the bulbs 4 to 5 inches deep, 6 to 10 inches apart. For general planting instructions, see page 14.

Campernelle rugulosus. Single, rich yellow flowers. 75 cts. per doz., \$4 per 100.

POLYANTHUS NARCISSI

Paper-White Grandiflora. This is the most satisfactory bulb that can be grown in the house for winter blooming. Bulbs placed in a bowl in water and pebbles will bloom in from 6 to 8 weeks from time of planting, and are superior to Chinese Lilies. The flowers are larger, more attractive in color, and very fragrant. A very unique and simple way to grow this variety of Narcissus is to place six to eight bulbs in a shallow glass or china bowl in water, supporting the bulbs with pebbles or gravel as you would the Chinese Lily, and place the bowl in the dark until the roots have started, when you should bring them to the light. The water requires changing occasionally to keep it pure. Do not add cold water; see that it is slightly warm. Planted any time in September or October, they can be easily brought into flower by Christmas. They can also be planted later to provide a succession of bloom.

BULBS—5c. each
50c per Doz. \$3.50 per 100

Outdoor Culture—Plant bulbs 4 to 5 inches deep, 6 to 8 inches apart.

Grand Soleil d'Or (The Yellow Paper-White). This splendid Narcissus is in many ways similar to the Paper-White Narcissus but the blooms are an intense yellow color, with the center of the cup shaded orange. It may be grown in pebbles or fibre, the same as the Paper-Whites offered above. Bulbs, 10 cts. each, \$1.00 per doz., \$7.50 per 100.

HYACINTHS

HYACINTHS

Chief among the favorites with lovers of fall bulbs is the Hyacinth. Their delicately etched blooms are color in the most brilliant of hues—every imaginable shade of red, yellow, blue, and white. They can be grown out-of-doors, in pots, or in Hyacinth glasses with water.

Culture—Plant bulbs 4 to 5 inches deep, 6 to 10 inches apart. For planting indoors, see general planting instructions on page 14.

EXHIBITION HYACINTHS

These first-size Hyacinth bulbs are suitable for both indoor and outdoor culture. When planting bulbs for flowering in the house, the first size should be used in preference to the others, as they force easily and bear large, well-developed trusses.

PINK, ROSE, AND RED

Cardinal Wiseman. Dark pink; large spike.
Gertrude. Deep rosy pink; large spike. Very popular.
Gigantea. Small, blush-pink bells that form an immense truss.
La Victoire. Deep carmine-red.
Lady Derby. Beautiful bright rose-pink.
Marconi. Bright pink; broad spike.
Moreno. Clear pink.
Queen of the Pinks. Brilliant, clear, bright pink.
Roi des Belges (King of the Belgians). Bright scarlet; fine spike.

WHITE

L'Innocence. Pure white; large spike.
La Grandesse. Pure white; large bells.

BLUE

Bismarck. Sky-blue; large spike.
Grand Maitre. Dark porcelain-blue.
King of the Blues. Rich dark blue.
Marie. Rich, deep blue.
Queen of the Blues. Azure-blue; large spike.

YELLOW

City of Haarlem. Golden yellow. **Yellow Hammer.** Pure yellow.
All Exhibition Hyacinths, first-size bulbs, 20 cts. each, \$2.00 per doz., \$15.00 per 100.

COLLECTION: 12 of any of the named Exhibition Hyacinths for \$2.00. Mixture selected from the named Exhibition Hyacinths, \$2.00 per doz., \$15.00 per 100.

NAMED BEDDING HYACINTHS

This is the size that is especially adapted for outdoor planting for beds, borders, and for massing. Bulbs are of uniform size and produce flowers of perfect form.

Culture—Plant bulbs 4 to 5 inches deep, 6 to 8 inches apart. For planting indoors, see general planting instructions on page 14.

Bismarck. Light porcelain-blue.
Gertrude. Deep rose-pink.
Gigantea. Blush-pink.
Grand Maitre. Dark porcelain-blue.
King of the Blues. Rich dark blue.
L'Innocence. Pure white.
La Victoire. Brilliant dark pink.
Marconi. Bright pink.
Marie. Rich purplish blue.
Moreno. Soft rose.
Queen of the Blues. Azure-blue.
Queen of the Pinks. Brilliant, clear, bright pink.
Yellow Hammer. Pure yellow.
Any of above, \$1.15 per doz., \$9.00 per 100.

SNOWFLAKE (*Leucojum vernum*)

Similar to snowdrops, but of stronger habit. The flowers are white, tipped with green, and are borne on stems 1 to 2 feet tall. Plant bulbs 2 to 3 inches deep and 3 inches apart. May be left in ground for several years. 50 cts. per doz., \$3.50 per 100.

SNOWDROPS

The first of all flowers to herald the approach of spring. Very beautiful little white and green-tinted flowers of easy culture. Plant bulbs 2 inches deep and 2 to 3 inches apart.

Single Imported. 50 cts. per doz., \$3.50 per 100.

Double Imported. 75 cts. per doz., \$5.00 per 100.

SCILLA

As edgings and masses in beds and borders, Scillas are most valuable. They succeed in shady flower borders, and bare, shady places and odd corners which often have a desert-like appearance. *Scilla campanulata* even does well in the shelter of coniferous trees, which are not always good companions for flowering plants. The foliage and flowers resemble somewhat a hyacinth. Plant 3 inches deep, 4 to 6 inches apart.

SCILLA CAMPANULATA (WOOD HYACINTH)

Alba. White bells. 12 inches. 55 cts. per doz., \$4.00 per 100.

Blue Queen. Porcelain-blue. Height 15 inches. 45 cts. per doz., \$3.00 per 100.

Rose Queen. Rose. 15 inches. 55 cts. per doz., \$4.00 per 100.

Mixed. 45 cts. per doz., \$3.25 per 100.

SCILLA SIBIRICA (SIBERIAN SQUILL)

Blue (Blue Squill). Grows 3 to 4 inches high. The pendent flowers, on short spikes, are brilliant blue and fine for edgings or pots and for the rock-garden. 50 cts. per doz., \$3.50 per 100.

White. White form of above. 50 cts. per doz., \$3.50 per 100.

SCILLA NUTANS (SCOTCH BLUEBELLS)

Blue. Largest bright blue. 60 cts. per doz., \$4.25 per 100.

White. Lovely pure white. 60 cts. per doz., \$4.25 per 100.

BULBS FOR ROCK-GARDENS

These harbingers of spring are a decided acquisition to the rockery as they furnish color when most perennial rock-plants are dormant.

Anemone, Chionodoxa, Crocus, Fritillaria, Muscari, Seilla, Tulips (Wild Species), Snowdrops, Winter Aconite

1 each of the above (9 bulbs).....\$0.40 2 each of the above (18 bulbs).....\$0.75

100 bulbs of the above 9 varieties.....\$4.00

LAGOMARSINO'S SELECTED DUTCH AND SPANISH IRIS

The following are some of the outstanding varieties of the Dutch and Spanish types because of their high quality in form, color, size of blooms, and adaptability to your garden. They make beautiful cut-flowers and if cut when in the bud will last a long time in water. For best effect they should be planted in masses of from 25 to 100 or more rhizomes, setting them 6 inches apart and 2 to 3 inches deep. They grow 18 to 24 inches tall. Plant as early as possible in the fall for best results.

Cajanus. Outstanding canary-yellow; orange-blotched falls.

David Haring. Stately large white with golden center. 60 cts. per doz., \$4.00 per 100.

Imperator. Gorgeous brilliant blue; strong stem. 60 cts. per doz., \$4.00 per 100.

Leonardo da Vinci. Creamy white standard and falls of canary-yellow, with orange stripe. 75 cts. per doz., \$5.00 per 100.

Adrian Backer. Uniform purple-lilac, good substance. 85 cts. per doz., \$6.00 per 100.

Indian Chief. Standards delicate violet, the falls bronze; unique and lovely. 75 cts. per doz., \$5.00 per 100.

Select Dutch and Spanish Mixture. Composed of many beautiful colors. 60 cts. per doz., \$4.00 per 100.

AMARYLLIS

Belladonna Major. Large, beautiful, rose-pink, trumpet-shaped flowers, borne on tall, leafless stalks, the leaves appearing after the plant is through flowering. Set bulbs so that they are barely covered, as deep planting often prevents them from blooming for a long time. When established they should be left to their own care as disturbance of the roots oftentimes affects their blooming. Medium-sized bulbs, 15 cts. each, \$1.50 per doz.; large bulbs, 20 cts. each, \$2.00 per doz.

New Hybrids, Mixed. Some of the finest hybrids that have been produced in this country. The strong bulbs throw vigorous stems, bearing 4 to 6 gigantic blooms of most perfect form and ranging in color from pure white grounds with varied markings of rose, red and crimson to the richest self-colors, as scarlet, crimson, bright red, cherry, and almost maroon. They are of the easiest culture outdoors and excellent for growing in pots. Large, strong bulbs, mixed colors only, 60 cts. each, \$6.50 per doz.

CALADIUMS

One of the most effective plants in cultivation for beds, borders, and for planting on the lawn, adding a tropical effect. They thrive in cool, moist locations and are unexcelled for planting in and covering unsightly corners.

Eseulentum (Elephant's Ear). Bears immense light green leaves, 3 to 4 feet long by 2½ feet wide. Plants often reach 6 to 10 feet in height. 30 cts. each \$3.00 per doz.

Fancy-leaved. No other summer-flowering plant equals the Fancy Caladiums in rich and gorgeous yet soft coloring. These new varieties are beautiful as potted plants and for bedding in semi-shaded positions. **Mixed Varieties**, 35 cts. each.

CHIONODOXA

(Glory-of-the-Snow)

Luciliae. They bloom with the crocuses, producing dwarf flower-spikes bearing 12 to 15 pure frosty blue flowers. Plant bulbs 3 inches deep, about 18 bulbs to a square foot, in a sunny or partially shaded location. 45 cts. per doz., \$3.00 per 100.

Luciliae alba. Rare and lovely form with pure white flowers. \$1.50 per doz., \$11.50 per 100.

ERANTHIS HYEMALIS (Winter Aconite)

One of the earliest spring flowers. Golden yellow, buttercup-shaped flowers. Foliage remains long after the flower fades. Suitable in moist situations under trees, etc. 50 cts. per doz., \$3.00 per 100.

SCILLA CAMPANULATA

DUTCH IRIS YELLOW QUEEN

Sweet Peas

Jack
Hobbs

Cultural Directions—For early spring flowers, sow Sweet Peas in the fall, October, November and December. For late flowering they can be planted any time during the winter or spring. Prepare the ground by working from 18 to 24 inches deep. Give the ground liberal dressing of manure and bone meal.

Set the seeds not over 2 inches deep and 2 inches apart on a firm bed; do not plant seeds in loose soil. When the plants are out of the ground, thin from 6 to 12 inches apart. Give the young plants good support, so they can climb 4 to 6 feet high—in this way, they produce nice, long stems. In hot weather, water frequently. For large flowers apply liquid manure about once a week. Pick flowers daily (even poorest flowers) as this prolongs the flowering season.

Early Flowering Spencer Sweet Peas

These varieties have large, ruffled blossoms of the Spencer type and blossom from four to six weeks earlier than the regular Spencer type.

PRICES:

Pkt. 10 cts. each; ½ oz. 30 cts.; oz. 50 cts.

Early Blue Bird. Magnificent violet blue; profuse and continuous bloomer.

Early Aviator. Dazzling crimson.

Early Columbia. Large; pink and white.

Early Harmony. Rich, true, deep lavender. Flowers large, beautifully waved, on long stems.

Early Mrs. Kerr. A clear, light orange-salmon. Its exquisite color has made this variety very popular.

Early Oriental. Deepest cream yet introduced in this class; flowers of large size.

Early Marine. Dark blue.

Early Giant Rose. Large rose-pink.

Shirley Temple. A cross between Pinkie and Lady Gay. Large sized blooms, daintily frilled. Pkt. 25c, ½ oz. 45c.

Early Spring Song. Salmon-pink on cream ground.

Early Silver Blue. Delicate shade of lavender blue, showing up splendidly in both natural and artificial light.

Early Snowflake. Pure white, long stems, perfect form.

Early Meadow Lark. Deep, rich cream; extra waved.

Early Sunray. Bright glowing cerise with salmon sheen.

Christmas Carol. Soft salmon pink and cream or crushed apricot and rose.

Early Belle. Rose-pink on cream ground.

Early Apollo. Soft salmon-rose, long stems.

Early Vulcan. Vivid scarlet, splendid grower.

Early Pride. Deep cerise, tinged with scarlet. Even brighter than "Glitters", large flowered more vigorous and much longer stemmed.

LAGOMARSINO'S GOLDEN WEST MIXTURE

Giant Late Flowering Spencer Sweet Peas

This is our special mixture and is a blend of all the most beautiful colors in Spencer Sweet Peas. Pkt. 10c; oz. 25c; ¼ lb. 65c; ½ lb. \$1.15; 1 lb. \$2.00

Cupid Sweet Peas

These Sweet Peas make a uniform growth of about 8 inches high and each plant is about 1 foot in diameter. Used for borders, beds, etc. Mixed colors, pkt. 10 cts., oz. 30 cts.

LATE FLOWERING SPENCER SWEET PEAS Pkt. 10c; oz. 25c.

- Amethyst. Bright clear amethyst blue with a slight tinge of mauve on the standard.
- Gleneagles. A most beautiful tone of light blue with just a suggestion of lavender.
- Damask Rose. The brightest rose carmine Sweet Pea. This is an outstanding pea.
- Mrs. A. Searles. Salmon-cerise, merging into a soft oriental-red. A remarkable and distinct color.
- What Joy. Primrose, shading to cream. A charming tone and so far the nearest approach to a true yellow.
- Rubicund. Rich crimson scarlet.
- Red Boy. The very best crimson.
- Ivory Picture. Rich ivory cream, flushed pink. Black seeded.
- Ambition. Rich deep lavender, with a darker shade on the base of standard.
- Powerscourt. A clear pure lavender.
- Warrior. Rich chocolate maroon. A magnificent variety which has held its place and popularity for a number of years.
- George Shawyer. A giant orange pink, the standard showing more orange than the wings.
- Youth. The flower is strongly perfumed. It can be described as a white ground picotee.

- Sunkist. Similar to Youth, except that it has a cream ground. Both these Sweet Peas are dainty color combinations.
- Pinkie. Rose-pink with large and frilled flowers. This variety is seldom affected by weather conditions.
- Ascot. Clear deep bright pink with heavily waved flowers.
- Floradale. A most artistic flower of rich salmon-pink on cream ground.
- Mayfair. The best, largest and richest colored shell-pink on white ground.
- Jack Hobbs. Cream-pink, flushed scarlet. One of the largest Sweet Peas ever introduced.
- Olympia. Deep rich purple of graceful form and immense size.
- Smiles. Clear glistening salmon, best describes this exquisite variety.
- Welcome. By far the best and most brilliant, dazzling, scarlet Sweet Pea.
- Sextet Queen. Pure white flowers of perfect form and of great substance. Black seeded.
- Avalanche. Immense glistening white flowers. The blooms are very frilled. White seeded.
- Special Mixture Spencer Sweet Peas. This is our special mixture and is a blend of all the most beautiful colors in Spencer Sweet Peas. Pkt. 10 cts.; oz. 25 cts.; 1/4 lb. 50 cts.

SWISS GIANT PANSY

VEGETABLE SEEDS for Fall Planting

Fall is the proper time to sow seeds of many vegetables in order to provide vegetables for the table during fall, winter, and early spring—a time when they are most desired. October, November and December are good months to plant garden peas.

PEAS—Improved Stratagem

BROAD BEANS or FAVA.

These do best planted in the fall, November and December being the preferable months.

ONION SETS

Onion Sets are miniature onion bulbs (about the size of marbles). These are planted for a quick supply as the little bulbs or sets produce green onions much quicker than seed. Lb. 25 cts., 10 lbs. \$1.75.

Instructions for Fall Planting of Bulbs

Outdoor Planting. Bulbs which are to bloom in late winter and early spring should be planted from October 1 to January 1. Our personal preference is November 15 to December 15. Plant in deep, rich soil, or soil that has been fertilized with well-rotted manure. Cow-manure is preferable if it can be obtained. Do not, under any circumstances, use fresh manure and have it come in contact with the bulbs, as it is injurious. Place the bulbs (except the small ones, such as Crocuses) with the crowns 3 to 4 inches below the surface of the soil. After planting, firm the soil.

Forcing in Pots. In potting, use light, rich, rather sandy soil. A combination of about one-third each of sand, top-soil from an old pasture, and well-rotted cow-manure makes the best potting soil. In planting the bulb leave about one-third of the bulb above the surface of soil. Then plunge the pots about 6 inches deep in sandy soil, or put away in a cellar or dark closet for five to six weeks. Keep moist, but not wet. At the end of six weeks the bulbs will be well rooted and, when pots are placed in a warm, sunny situation, they will come into bloom rapidly. Dutch Hyacinths and Paper-White Narcissi are especially valuable for this purpose.

Water Culture. This method of growing bulbs is always interesting. Single Hyacinths are easily grown in glasses of water, and special Hyacinth Glasses can be purchased from us at 40 cts. to 50 cts. each. Fill with fresh, pure water and place the bulb in the cup-shaped receptacle on top of the glass. The water should barely reach the roots of the bulb. Put in a cool, dark, airy place, until the roots have grown to the bottom of the vase. As the water evaporates, fill the vase, and change the water occasionally in order to keep it pure and fresh. After the bulb has made sufficient roots, place the vase in a light, cool room until the foliage is well developed, after which it may be put in a light, sunny window, soon after which the flowers will appear. Narcissi and Sacred Lilies may all be grown in bowls of water partly filled with pebbles and sand.

BEARMOR

A well-balanced plant-food that can be used on lawns, shrubs, bulbs, sweet peas, etc. It is easily applied and free from weeds. A 25-pound bag will give 1,000 square feet (approximately 35 x 35 feet) of lawn one application. Instructions on how to apply are in every bag. Prices: 8-oz pkg 10 cts., 2-lb. pkg. 25 cts., 10-lb. bag 70 cts., 25-lb. bag \$1.40 50-lb. bag \$2.25, 100-lb. bag \$3.75. F O B. Sacramento.

Beautiful Lawns from Lago Brand Lawn Grass Seed

ALL LAWN GRASS POSTPAID

Lagomarsino's Lawn Mixture. A mixture of several deep green grasses blended so that they remain green from early spring until late autumn. It makes a beautiful turf of dark green color and stands hard usage. We especially recommend this grass for those desiring beautiful lawns. Lb. 55c, 10 lbs., \$4.00.

Lagomarsino's Service Station Mixture. This is a special mixture of grasses that has become so popular for planting around service stations in this city. It grows rapidly and makes a fine turf of a deep green color the year around. Lb. 45c, 10 lbs. \$3.50.

Shady Nook Lawn Grass. This is adapted for semi-shaded places and where the ordinary lawn grasses will not do well. Lb. 50c, 10 lbs. \$4.00.

Kentucky Blue Grass. Makes an excellent lawn of a dark green color. It forms a fine mat, with care and water makes one of the best lawns. Lb. 50c, 10 lbs. \$4.00.

Perennial or Australian Rye Grass. A rapid-growing grass of dark green color, but a little coarse. Especially adapted for very light soils. Lb. 35c, 10 lbs. \$3.00.

Lagomarsino's Shady Lawn Mixture—This grass is especially adapted for growing in very shady places or near buildings where other grasses will not grow. If you have a shady, barren place, try our Shady Lawn Mixture. Lb. 70c, 10 lbs. \$6.50.

White Dutch Clover. A dwarf growing clover, especially adapted for lawns, either alone or in mixture with other grasses. Lb. 50c, 10 lbs. \$4.50.

Pacific Rye. This grass is similar to the Australian Rye Grass, but has a finer leaf and is longer lived. Lb. 35c, 10 lbs. \$3.00.

Golden Gate Lawn Mixture. A special mixture of hardy grasses especially suited for places where it will endure hard usage. Lb. 50c, 10 lbs. \$4.50.

Golden State Lawn Mixture. This is a standard popular mixture of quality seed for all general lawn purposes. Lb. 35c, 10 lbs. \$3.00.

Creeping Bent (Seaside Bent). Also called Coos County Bent. This is a true Creeping Bent, stoloniferous in habit and when once established spreads rapidly and makes a strong enduring turf. Sow 1 lb. to 500 square feet. Certified seed, lb. \$1.25, 5 lbs. \$1.15 per lb., 10 lbs. \$1.00 per lb.

Astoria Bent. A comparatively new and distinct kind of grass; seldom produces stolons but spreads from underground root stalks; produces splendid turf. Owing to its root habit it has a wider range of adaptability. Certified seed, lb. \$1.25, 10 lbs. \$1.00 per lb.

ALL LAWN GRASSES POSTPAID

PEAT MOSS (Swedish)

Peat moss is one of the most valuable elements in making a new lawn or in keeping up an old lawn. When worked into the soil, it adds humus and helps hold the moisture, preventing excess evaporation.

Peat makes a superior mulch to straw as there are no weed seeds to contend with.

Add peat to your flower beds each season for best results.

Prices: \$3.50 per bale; 5 bales @ \$3.25; 10 bales @ \$3.00.

COVER CROPS IMPROVE SOIL

Plant Cover crops to improve your soil. The system of planting Cover crops such as Melilotus, Indica, vetches, and peas is gaining every year.

This is one of the easiest ways to improve the physical condition of the soil. By plowing under these leguminous crops soils are greatly improved; heavy soils are made lighter, more porous and retain water much better. Nitrogen is also added to the soil.

On hillsides Cover crops are very valuable in that they check erosion and washing away valuable top soils.

LAGO BRAND
GENUINE
LADINO
CLOVER

LADINO CLOVER The Wonderful Pasture Clover

Since its introduction several years ago the acreage planted to Ladino Clover has steadily increased. Ladino, it might be said, is right at home on California irrigated lands. It will give more feed per acre than any other Clover and give it economically as it can be pastured. Ladino increases the milk-flow of cows and makes the finest pasture and fattening feed for sheep. Poultrymen find Ladino one of the best "greens" for chickens, turkeys, etc. It produces abundantly its succulent growth and lasts practically the entire year. On many types of land where alfalfa does not do well on account of heavy clay or shallow soils, Ladino grows as luxuriantly on these types of soils as on the rich river bottom lands. All classes of stock are very fond of Ladino and prefer it to any other Clovers or grasses.

Lago Brand Genuine Ladino Clover. \$1.00 per lb; 10 lbs., 90c per lb.; 15 lbs., 80c per lb.; 25 lbs., 80c per lb.; 50 lbs., 80c per lb. Postpaid. Write for prices in larger quantities.
